

# Cellar Door

At last, Harald is opening his cellar to the public. Now you can choose wines from his expertly curated selection to add to your own cellar and enjoy at home.

The unique range of "Aubergine House Wines", crafted for the restaurant by top winemakers, is available only through the Auslese cellar door, as is a broad variety of boutique and hard-to-find wines and vintages.

Benefit from Harald's wealth of experience in selecting excellent and interesting wines, some ready to drink and many gems with ageing potential. South Africa is well represented, but we also carry a number of French wines and German Rieslings.

Below are a few examples, but the list of wines on offer is constantly evolving, so feel free to request a full list at any time. [SIGN UP](#) to our mailing list for updates and new wines on offer.

The minimum order is 6 bottles. Please speak to us about mixed cases, delivery and payment options. Email orders or enquiries to [info@auslese.co.za](mailto:info@auslese.co.za)
